Washington, DC 20515

Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Provo Intermodal Center Pedestrian Bridge Project in surface transportation reauthorization legislation.

The project sponsor for this project is Provo City and the project is located at 600 South 100 West, Provo Utah 84601.

The funding is designated for a pedestrian bridge to provide safe pedestrian and bicycle passage across the Utah Transit Authority FrontRunner rail line and the Union Pacific Railway line. The pedestrian bridge will create safe passage over the two sets of tracks at approximately 100 West on the north and into the intermodal station on the south.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the infrastructure that Utahns depend on. First and foremost, the benefit is public safety, but also ease of access to transit station from low-moderate income areas of the city.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

John Curtis
