Dear Chair DeFazio and Ranking Member Graves:

I am requesting funding for the Sandy City Bridge Replacements in surface transportation reauthorization legislation.

The project sponsor for this project is the City of Sandy and the project is located on Willow Green Circle and Cobble Canyon Lane in Sandy City, 84093.

The funding is designated for the rebuilding of bridges in Sandy City.

The project is an appropriate use of taxpayer dollars and is anticipated to benefit the infrastructure that Utahns depend on. Two bridges built in 1992 are rapidly deteriorating and need replacement. This project would rebuild both structures, restoring full unrestricted access to Willow Green Circle and Cobble Canyon Lane. The neighborhoods these two bridges serve are bounded by Little Cottonwood Creek on the west, and a steep embankment on the east. The only ingress/egress to these neighborhoods is over these bridges that both cross Little Cottonwood Creek.

I certify that neither I nor my immediate family has any financial interest in this project.

Sincerely,

John Curtis
